JOB DESCRIPTION

The recently created Department of Transportation & Capital Infrastructure is currently seeking qualified applicants for an Assistant Director. This position provides leadership and oversight in the management and construction phases of General Government public-use facilities and transportation construction projects. This includes construction and contract administration; budget planning and cost analysis; advises on policy matters; and ensures compliance with applicable federal, state, and local regulations. Manages multiple, highly complex projects and coordinates problem solving of emergency or ad hoc projects designated by the Director. This position also provides strategic planning for the department's long and short-term goals and objectives. The Assistant Director presents to the Loudoun County Board of Supervisors and other public forums on a wide variety of capital construction issues and is responsible for leading and managing a high performing staff and maintaining a professional work environment in accordance with County policies and procedures and will act in the Director's absence on all matters as needed.

JOB REQUIREMENTS

Position requires any combination of education and experience equivalent to a Master's degree in architecture, engineering, or related field with at least seven years of directly-related experience in a professional management position in an engineering organization to include considerable supervisory or operations/administrative oversight experience. Prefer ten years of professional management experience in an engineering environment. The successful candidate must have a current Virginia Professional Engineering License or able to obtain within one year. Position also requires a valid driver's license.
