PRESIDENT’S STATEMENT

funding, and the anticipated effect on various University departments. The American Recovery and Reinvestment Act of 2009 (ARRA) has restored 2.5 million of the University’s initial 3.8 million dollar reduction for fiscal year 2010. Further budget cuts, however, are anticipated because of the decline in revenue to support the operations of State government. Adjustments to the University’s budget is continuous and ongoing and positions are constantly being evaluated.

President Moore expressed his sincere gratitude to departing Board member Dr. Albert Thweatt, as well as to the faculty and student representatives on the Board of Visitors. He noted that they rendered extraordinary service to the Board and the University community during their tenure on the Board. He highlighted institutional advancements that occurred during their tenure.

President Moore expressed his gratitude to the Board for its service and support of the Administration’s efforts as he reflected on his 16 year tenure with the University.

Upcoming University events: Spring Commencement, Richmond Coliseum, May 17, 2009.

COMMITTEE REPORTS

Facilities, Finance, and Audit Committee

Mr. David J. Meadows, Vice President for Administration and Finance, highlighted the proposed schedule of tuition and fees for academic year 2009-2010: $271 increase for resident undergraduates (4.6%); $270 increase for resident graduates (3.8%); $490 increase for nonresident undergraduates (3.5%); $420 increase for nonresident graduates (2.8%); and a $178 increase in University housing (4.0%). Discussion ensued. Ms. Busser moved to approve the resolution for Tuition and Fees for Academic Year 2009-2010. The motion was seconded by Mr. Timm, and carried by voice vote.

Mr. Meadows discussed the proposed University Operating Budget for fiscal year 2009-2010 totaling 136.7 million dollars. This represents an increase of 7.3 million dollars (5.7%) over fiscal year 2009.

The University will be using 2.1 million dollars of the housing cash reserve to fund the first payment in fiscal year 2010 for the Howard Quad debt service. The original completion date was August 2009, which has been pushed back to August 2010; work is expected to begin in May 2009. The delay was due to difficulties experienced with the Gateway project. A number of resources were diverted to the Gateway project to ensure that the Gateway residence hall did not fall further behind schedule. The one year delay was also due to the fact that Howard Quad was the first process undertaken where the University utilized a different construction process, known as Construction Management at Risk (CM at Risk). Typically the University has done a Design Build process. CM at Risk is a process where the construction manager and the architect/engineer assume a greater responsibility to complete the project within the Guaranteed Maximum Price (GMP). University representatives were very novice in their understanding of
how the process worked, and had to work with the Bureau of Capital Outlay Management (BCOM) and other State agencies to get up to speed on this construction method. The Gateway project did not go as well as anticipated. Significant and substantial problems with the developer and construction contractor were experienced throughout construction, including considerable time off the job over contractual disputes among contractor (Maxam Construction Company), and the project developer (Student Suites, LLC of Virginia), and the Virginia State University Real Estate Foundation.

President Moore indicated that he authorized two new project manager positions, one for auxiliary projects and one for educational and general projects, to minimize the possibility of future delays on capital construction projects.

Ms. Busser moved to approve the University’s Operating Budget for fiscal year 2009-2010. The motion was seconded by Mr. Timm, and carried by voice vote.

White also served as the Head Coach at Ursinus College from 1995 to 2000, where he led the Bears to two consecutive playoff appearances. In his six seasons at the helm, four players scored over 1,000 career points, one earned All-America honors and all of his four-year players graduated. White worked with the Denver Nuggets organization as Assistant to the President and scouted college players for the team. A 1983 graduate of Harvard University, White was a four-year letterwinner for the Crimson and served as team captain during his senior year. A two-year starter, White was named Harvard’s Top Defensive Player. A native of Philadelphia, Pa., White also served as an assistant coach at St. Joseph’s University.
