The President discussed the following: the 15% budget cut affecting all four year universities; the possible offset due to federal stabilization funds, which would result in a net reduction of 8%; and how the University will be affected. Discussion ensued.

The University dropped in the rankings of the U.S. News and World Report, but continues to be a top tier institution among Historically Black Colleges and Universities (HBCU). The University’s decline in the ratings is being reviewed as it appears to be associated to funding issues.

The President highlighted his trip to Ethiopia and the University’s research efforts conducted there.

The Rector adjourned the meeting of the full Board at 1:28 p.m. to afford board members the opportunity to tour the campus, as arranged by the President.

Mr. Edwards asked all present to pause for a moment of reverent silence and remember those who lost their lives on this day eight years ago in the September 11, 2001 attacks.

APPROVAL OF MINUTES

Mr. Edwards called for approval of the minutes of the annual board meeting held April 16-17, 2009, and the Executive Committee meeting held August 20, 2009. A motion for their approval was made by BG (RET) Cade, seconded by Mr. Starkey, and the minutes were approved by voice vote.
PRESIDENT'S STATEMENT

President Moore reported on the record student enrollment of the University. In this difficult economic time, the University will show approximately a 5% increase in full-time undergraduates with most of the increase coming from in-state students.

VIRGINIA FUSION CENTER REPORT

Mr. Edwards introduced Colonel W. Steven Flaherty and Captain Steven W. Lambert of the Virginia Fusion Center. Colonel Flaherty and Captain Lambert met with the Board to generally discuss the operations of the Virginia Fusion Center, its relationship with the Virginia State Police and the basis for the 2009 Virginia Terrorism Threat Assessment. The assessment was created to be a forecasting tool, and intended to be thought provoking for the specified law enforcement and decision-making audience. The assessment was illegally leaked and was never intended for public consumption. Colonel Flaherty stated that the report should have been written clearer and the intended message was that the University is a potential target. The Governor’s office has completed the investigation of the report and the Fusion Center is awaiting the Governor’s evaluation of the investigation. On behalf of the Fusion Center, Colonel Flaherty apologized profusely for the misinterpreted intent and the confusion resulting from the assessment. Colonel Flaherty anticipates a statement being published at the conclusion of the Governor’s review. Discussion ensued.

AUDITOR OF PUBLIC ACCOUNTS PRESENTATION

Mr. Stepp introduced Mr. Ken McGee of the Information Systems Security section who was instrumental in the University’s audit. Mr. Stepp indicated that this will be his last year working with Virginia State University (VSU) as Ms. Stacey Henshaw will be the University’s new Audit Director.

Mr. Stepp reported three internal control issues: improving information security programs; strengthening controls over capital asset reporting; and improving security over financial statement database applications. Mr. Stepp discussed with the Board the University’s non-compliance with the completion of the I-9 form published by the U.S. Citizenship and Immigration Service of the U.S. Department of Homeland Security. Mr. Stepp and the Board discussed the exceptional progress of VSU and compliance with the employee eligibility verification process.

The University received an unqualified opinion for the year ending June 30, 2008.

Miscellaneous

In accordance with § 2.2-3100 of the Code of Virginia, Ms. Reid formally disclosed that Virginia State University is about to enter into a contract with the Legacy Media Institute (LMI) for which her husband is the President. Ms. Reid advised the Board publicly that neither she nor her husband will receive compensation under this contract as LMI will be a tax exempt charitable entity. The Department of Mass Communications will be working with LMI to provide a training program to further expand the experiences of the students.

COMMITTEE REPORTS

Resource and Governance Committee

Mr. Christopher H. Holden, Chair of the Resource and Governance Committee, discussed the University’s efforts in developing a Document Retention and Disposition policy that would address the needs of VSU. Mr. Holden presented and moved for approval the recommendation that the President and the Chief Compliance Officer perform an information retention policy review and assessment of University department’s compliance with the policy by the January 2010 Board meeting. The motion was seconded by Mr. Starkey, and carried by voice vote.

The University’s Intellectual Property Policy was discussed during the committee meeting and Mr. Holden felt it may be of strategic importance to the University to initiate a discussion about the policy in an upcoming Board meeting.

Overall the campaign has brought in 14.6 million dollars towards the 20 million dollar campaign goal. The University is in the process of assigning new Gift Officers to the individual campaign units. The giving percent of the University Alumni is approximately 10% and the University will seek out “at large” alumni across the country. This will be a targeted effort with the promise of a greater return. Discussion ensued.

Facilities, Finance, and Audit Committee

Ms. Katherine E. Busser, Chair, Facilities Finance and Audit Committee, discussed the challenges regarding the President’s residence and determining if the residence is suitable for the current President as well as the incoming President.

Ms. Busser discussed the revised budget based on the Governor’s request of a 15% reduction. There is still some hope of federal stimulus funding relieving the impact of the reduction. The motion was seconded by BG (RET) Cade and carried by roll call vote; Ms. Davis and Mr. Holden abstained.
